### **Angela Mikula Receives Fulbright Award**

The U.S. Department of State and the J. William Fulbright Foreign Scholarship Board announced that Ms. Angela Mikula of Delaware Township School in Sergeantsville, NJ has been offered a Fulbright Distinguished Awards in Teaching grant to the United Kingdom.

Ms. Mikula is one of approximately 35 U.S. citizens who will travel abroad through the Fulbright Distinguished Awards in Teaching Program in 2017-2018. Recipients of Fulbright grants are selected on the basis of academic and professional achievement, as well as demonstrated leadership potential.

The Fulbright Program is the flagship international educational exchange program sponsored by the U.S. government and is designed to build relations between the people of the United States and the people of other countries that are needed to solve global challenges. The Fulbright Program is funded through an annual appropriation made by the U.S. Congress to the U.S. Department of State. Participating governments and host institutions, corporations, and foundations around the world also provide direct and indirect support to the Program, which operates in over 160 countries worldwide.

Since its establishment in 1946 under legislation introduced by the late U.S. Senator J. William Fulbright of Arkansas, the Fulbright Program has given more than 370,000 students, scholars, teachers, artists, and scientists the opportunity to study, teach and conduct research, exchange ideas, and contribute to finding solutions to shared international concerns.

Fulbrighters address critical global challenges – from sustainable energy and climate change to public health and food security – in all areas, while building relationships, knowledge, and leadership in support of the long-term interests of the United States and the world. Fulbright alumni have achieved distinction in many fields, including 57 who have been awarded the Nobel Prize, 82 who have received Pulitzer Prizes, and 37 who have served as a head of state or government.
